PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience in MERN stack and Java Full Stack development through internships and independent projects. Skilled in building responsive React.js applications, developing RESTful APIs with Node.js and Spring Boot, working with MongoDB and MySQL, and implementing real-time features using WebSockets. Experienced in debugging, API integration, database operations, and end-to-end feature development, with a strong focus on writing clean, maintainable code and solving real-world problems.

SKILLS

Frontend: HTML5, CSS3, TailwindCSS, JavaScript (ES6+), Java, React.js (Hooks, Context API), Responsive Design, Cross-Browser Compatibility

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, WebSockets (Socket.io)

Database: MongoDB, SQL

Tools: Git, GitHub, Netlify, Render, Postman, VS Code

Soft Skills: Problem-Solving, Agile Development, Team Collaboration, Code Review, Adaptability

EXPERIENCE

Full Stack Developer Intern – Pointel Solutions, Chennai | Jun 2026 – Aug 2026

- Completed the structured training program in Java and Java Full Stack Development, gaining hands-on exposure to Java, SpringBoot and Angular.
- Worked on the project after completing the training and contributed to backend development using Java, SpringBoot, Hibernate and MySQL, including service-layer logic and database operations based on business requirements.
- Debugged backend functionality, analyzed application logs and database queries, implementing fixes and followed project coding standards.

Frontend Developer Intern – Nura9 Technologies, Bangalore | Dec 2025 – Mar 2026

- Built and delivered 10+ responsive, reusable UI components using React.js, JavaScript, and TailwindCSS, accelerating design-to-development handoff across the team.
- Collaborated in Agile sprint cycles with designers and backend developers to ship pixel-perfect, cross-browser-compatible features while debugging frontend performance issues.
- Took end-to-end ownership of assigned component tasks — from requirement analysis and edge case handling to testing, debugging, and final delivery.

PROJECTS

Restaurant Reservation & Review Platform | [dinearea.netlify.app](#)

React.js, Node.js, Express.js, MongoDB, JWT, REST API

- Designed and developed a full-stack MERN platform featuring real-time table availability, secure JWT authentication, and a personalized restaurant recommendation engine.
- Implemented RESTful APIs with proper error handling, input validation, and edge case management; deployed independently on Netlify and Render.

Quick Chat Application | [quickmsg-app.netlify.app](#)

React.js, Node.js, WebSocket (Socket.io)

- Engineered instant bi-directional messaging using WebSocket (Socket.io) with efficient event handling, ensuring low-latency, real-time communication.
- Handled edge cases including user disconnection, reconnection, and message reliability; deployed and maintained the full application independently.

CERTIFICATIONS

- Certified Frontend Developer Intern – Nura9 Technologies (2025–2026)
- Certified Full Stack Development with AI Tools – GUVI (2024)
- Certified Advanced Diploma in Java Programming – CSC (2023)

EDUCATION

- B.E in Electronics and Communication Engineering** | Anjalai Ammal Mahalingam Engineering College, Anna University | 2024.
